TOGETHER, BUILDING PEOPLE™

# Our Formulas

As a result of research, 4Life has developed different formulas to adapt to the wellness needs of each individual.

## Transfer Factor XF™

Transfer Factors found in cow colostrum.

## Targeted Transfer Factor

Transfer Factors formulated for specific wellness.

## Transfer Factor E-XF™

Transfer Factors found in cow colostrum combined with transfer factor found in egg yolk.

## Tri-Factor™ Formula

A Formula that enhances the function of Transfer Factor E-XF with other cow colostrums nutrients.

**From left to right:** David and Bianca Lisonbee, Founders of 4Life; Steve Tew, President of 4Life; Dr. Brent Vaughan, Director of Health Information Systems; Dr. Chris Lockwood, 4Life Chief Scientific Officer, Shane Lefler, Director of Nutritional Immunology.

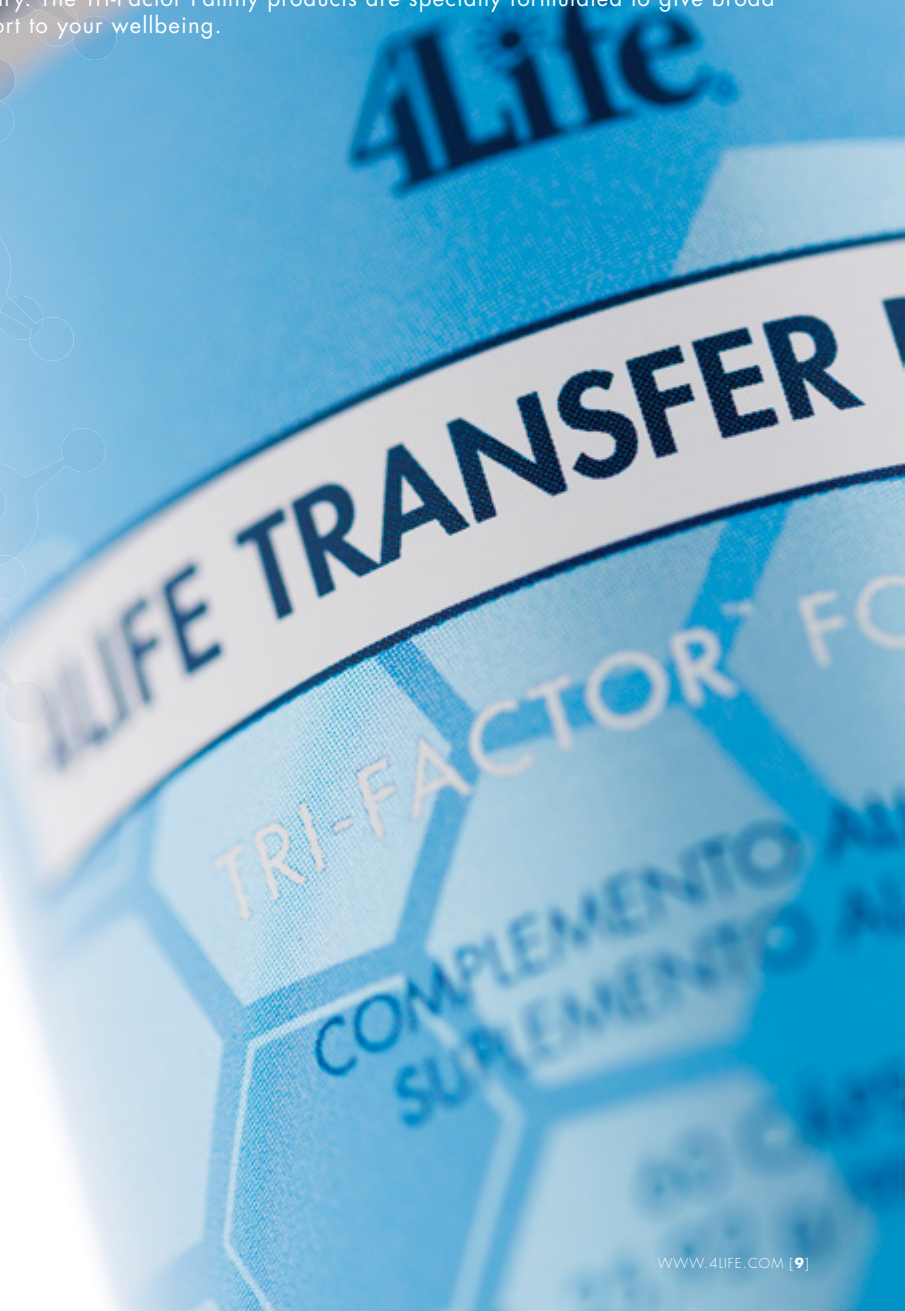

4Life Research USA, LLC., sells certain products to Distributors, Demonstrators, and Customers within the European Union that are not available for resale in some countries. These products are for personal consumption or the personal consumption of those in your household only and are "Not-For-Resale", distribution, or any other commercial purpose. 4Life limits the number of "Not-For-Resale" products that can be ordered at one time to an amount reasonably deemed by 4Life to be that which the individuals in your household can consume within a three month period. Failure to abide by these rules may result in the termination of your privilege to purchase "Not-For-Resale" products for personal use.

## TRI-FACTOR FAMILY

The exclusive 4Life Tri-Factor Formula is a breakthrough in the wellbeing industry. The Tri-Factor Family products are specially formulated to give broad support to your wellbeing.

**4LIFE TRANSFER FACTOR®
